I'd suggest that they work with CO DOLA.

Hello, I'm sending this to the few folks whom I know are in Area Command (or last I heard you were in Area Command). Could one of you contact Ms. Benz to close the loop?
Thanks!!

Jennifer – the gentlemen listed in the email are Area Commanders, coordinating overall EPA resources and efforts across multiple EPA regions. They are probably best points of contact for questions/coordination of economic considerations.

Chris – 214-789-9587

David – 303-888-9906

Thanks!

Hi Stephanie and Dan,

I hope this email finds you both well! EDA is thinking of working with the economic district in Durango to fund future projects related to the Animas River spill. We wanted to know if there is any federal working group that has been established so that we can coordinate our efforts?

Thanks!

Jenny Benz
